DAIRY PERMITS ISSUED

TEN DOLLAR Suits and Health Office Has Passed But Seventeen Applications.

Friends of Ex-Fireman Wenzel Have Another Hearing Before Commissloner Ross-His Case Will Be Again Considered in Board Session. Onts Contract Revived.

Applications for dairy permits under the law enacted at the last session of Congress should all have been filed by or be-fore September 30. They are still being handed in at the health office, however, and will be considered as received without prejudice to the applicants, not-withstanding the penalty prescribed for non-compliance with the law.

But seventeen permits have been issued to date. As soon as the applications now on file shall have been exhausted, the office will pay its attention to dairies

office will pay its attention to maines that are operating without permits, and a test of the provisions of the statute may then be ordered.

The Heann Orficer has been directed by the Commissioners to cause a chemical analysis to be made, as far as practicable, and as early as possible, of each lample of whisky and gin collected from certain licensed wholesane and retail deciers, and recently delivered to him from the excise board.

This analysis will be reported to the latter

board.
This analysis will be reported to the latter board, to be used as a reference in the course of business, and as the basis for an appeal to Congress for a statute against adulterations.

WENZEL'S FRIENDS LOYAL

WENZEL'S FRIENDS LOYAL.

The friends of ex-Fireman Wenzel, represented by a committee of three, were again before Commissioner Ross with a supplemental appeal for his restoration to the force.

In support of their proposition the committee cited that three men, Wenzel, Mahoney, and Martin, appeared before the fire department trial board as witnesses in an investigation of charges against Foreman Walsh, of No. 9 Engine Company.

Foreman Waish, of No. 9 Engine Company.

"Two of them," the committee said, "had resigned rather than pay \$10 each on a threatened charge for dropping crumbs from a piece of pie, and not being members of the frie department at the time of the triad, they were not within the trial board's jorisdiction; therefore, it transcended its power in recommending the attachment of its reflective findings to their resignations, and when the official stamp of approval was affixed to that it legal recommendation, it became, in our judgment, libelous, because it exposed these men, who were then private citizens, to public hatred and derision, and impaired to public hatred and derision, and impaired heir means of making an honorable liv-

It was contended, also, that as Mahoney and Martin were not members of the force they were not subject to the official criticism of the beard, and that "the at-

criticism of the board, and that "the attachment of the alleged false accusation
to said witnesses" resignations is prima
facic evidence of maliciousness."

The removal of Wenzel, the committee
claimed, was the equivalent of a fine
of \$300 or more, imposed by a judge
upon the mere presumption of guilt. The
board met to try Foreman Walsh, it was
stated, and there were not even attested
charges against Wenzel.

stand by these young men who evidently have been unmercifully injured in name by cowardly comrades and their chief, who should have been their best friend." After a lengthy discussion of the ques-tion at issue, Commissioner Ross agreed to bring the matter before the full board at an early date.

DEBATE OF OATS CONTRACT. The oats contract with which the District and S. S. Daish & Son have become slightly entangled, is again the subject of corre-spondence. At the opening of the bids for general supplies, not long ago, the proposal of the firm was understood to be at the rate of 33 1-2 cents per bushel for oats, and the contract was firm at that rate. Later the contract was drawn at that rate. Later Messrs. Daish & Son notified the Commis-Messrs. Dash & Son notified the Commis-sioners that the bid was made at the rate of 35 1-2 cents per bushel, and objected to the first payment on account as insufficient. There was a conference upon the subject, however, and it was the understanding that the firm would carry out the contract as drawn. It was not until yesterday that the subject was revived, the Commissioners notifying the firm that they do not concede the claim made, but offering to cancel the

contract. The communication closed with this paragraph:
"If, however, you do not agree to the cancellation, you will be held as fully accepting its terms, and all obligations for supplies furnished thereunder will be considered as fully discharged upon payment of the price stipulated therein."

The cancellation of the contract will require a readvertisement for proposals.
Private C. H. Bradley, of the Metropolitan police force, was vesterday promoted to ntract. The communication closed with

effect on the 20th instant.

Private G. W. Kramer, of class 1, was also promoted, being elevated to class 2.

of Twenty Millions as Compared With Quarter of Last Year. Commissioner Miller has complied the receipts of internal revenue for the three months of the current fiscal year.

They show total receipts to have been \$37,744,478, a decreuse as compared with the corresponding months of last year of \$20,300,630. The principal sources of revenue were.

revenue were:

Spirits, \$18,852,028, a decrease of \$21,302,364, as compared with the corresponding months of last year, tobacco, \$8,075,545, an increase of \$460,600; fermented liquors, \$19,389,100, an increase of \$792,630; oleomargarine, \$338,334, a decrease of \$137,504; missellaneous, \$89,470, a decrease of \$13,592.

The heavy decreases in revenue from spirits was caused by the withdrawals during the months of July and August of last year to escape the increased tax on whisky put on by the new tariff bill which went into effect August 8th, 1894.
